Hey Thuy,

I was going to try to schedule time for us today to discuss the below and come up with a plan. BUT, turns out my calendar is pretty full. Can you talk to Yaorong and put together a draft one-pager on what we could do? I'm thinking it needs to cover the following:

Great, thanks for letting us know!

To follow up on the PFAS issue, there was a great deal of interest on this topic at our state agency meeting today. We would be interested in getting more information on what support you're looking for from state labs on the investigation moving forward. Do you have a tentative timeline for the investigation?

Best.
Karen

Just wanted to let you know the Grignard decision will not be going out until tomorrow morning. No issues - just timing. Did not want you thinking you missed it.
Also I am checking with the AITC team on what if anything has been communicated to the registrant. Will let you know when I hear back.
